Major is a fancy 4 year old bay gelding, 15.1hh. He is good minded & easy to get along with. He is the kind that meets you at the gate to be caught. He has had reining training, been used on the ranch & rode in the mountains. An athletic, versatile horse that really watches a cow. After time off, he's the same horse as when you left him. He has good ground manners. Is good to shoe, haul etc. Just the perfect gentleman to be around. Would be a very nice arena/rope horse prospect.

Sterling is 8 years old, stands 15HH with good bone and solid dark feet. A solid and sturdy gelding with a strong work ethic. My favourite thing about him is he doesn't have any quit and is very trainable. He will do his best for you. He is well rounded with ranch, feedlot and trail experience. From doctoring cows to pulling sick calves and sorting. I would take him to do any job. He is very strong to the horn and always impresses me with his power. He is well broke and soft in the bridle. Nice stop, neck reins well and responsive to leg pressure. Picks up his leads and lopes a nice circle. Sterling is an easy keeper and holds his weight well when being rode consistently. He is always great to catch, loads well and good to shoe. He doesn't have a mean bone in his body and has never bucked. He is used to dogs and machinery. He is 100% sound and healthy. He has one minor scar on hind left leg that's does not affect him. I would recommend an intermediate rider and up. Has been rode by green riders under supervision and did good. This is a quality gelding that I'm very proud to offer. If the video quality is bad try going to YouTube. I have more video if interested!

8 year old mare. Very good confirmation. 11 hands. Never injured or foundered. Bridles, trims, loads easily. Good with sprayer hose for baths. Obedient. Likes being groomed. Ponies easily alongside a big horse; a walk to a gallop. Content to be tied alone for long periods of time. His bloodlines are ranch (Blu Quachita Hancock) and cow (Playgun). He has a super gentle and willing mind with a solid build measuring in at 14.3 HH. In addition to being trained as a rope horse by Cassidy Clark, Kayla with Eclipse Equine has had him out on the trails in the mountains and in a host of clinics (J.P Forget and Steve Rother) giving him a broad exposure to everything from roping to reining. He has been rode by all levels and is a family friendly horse. This is the type of gelding that you could take and compete in the arena one day, the next day be out on the trails, and the next day be at your kids gymkhana. Ledoux is the type of horse that will be in your family for many years as you will be able to use him for everything.

Registration	Grade	Height	16	Colour	Black & White Pinto

We have owned and operated a forestry company that surveys and plans cutblocks and supervises tree planting operations for the past 40 years. We have always used horses to do this work and as we are now retiring from this work we are offering these horses for sale. This is a matched set of Black and White pinto, Draft Cross, Geldings that we have owned since they were young, they are sound and bomb proof. We have used them mainly for our bush work, but also on the ranch and for pleasure riding. They are safe for the grandkids as well. They are all in their early to mid-teens and all have good manners and are gentle. They have never been lame. What makes them good is that they have been used lots.

TEAM	Breed	Percheron	Sex	Mare	Year Born
Registration	Grade	Height	17.2	Colour	Black

Foaled in 2017, these mares are half sisters and out of registered Percheron stock, just never got around to papering them. Both mares were born and raised on the farm, and were shown as weanlings. Both mares are easy to be around, trim, haul, load, and tie with no fuss. These mares are easy to harness and hook. We have used these mares in the manure spreader and on the farm as youngsters but mostly used for wagon and sleigh rides this past little while. Good straight pulling team that are not afraid to work for you. Both mares are easy going and are not dead heads, they know the time to work and will work all day but will drop their heads and plod along. Recently have rode both mares bareback a few times. Only reason for selling is the owner is retiring.

Hooty is a really gentle, 5 year old gelding who knows what a long day of work is and packs around a nice pedigree. Hooty is by Cat Dot Com who is by all time leading sire High Brow Cat. He has been on the pay roll the last couple years calving over 700 head and taking care of 13,000+ in the feedlot and then used all summer treating yearlings and pairs on grass. Hooty is really nice to sort on, and has passed every pressure test we've put him through so far. From crashing cows in the processing alley to treating yearlings on grass Hooty has exceeded our expectations. This gelding can really move his feet, has a mind that

wants to be trained and will really get after a cow. Hooty has a very kind gentle nature, he is definitely a barn favourite. If Hooty is left off for a long period of time, you can saddle him with confidence and step on knowing he will be the same horse as when you kicked him out. Hooty comes with power steering, he rides bridle-less, he likes to spin, will plant a foot in the ground to turnaround and catch his leads both ways. Hooty is the kind that you can ranch on all morning and let the kids ride all afternoon. Hooty is well bred, nicely made and a pleasure to have around the place. If you need a really kind gelding to keep ranching on or something to take to the hills that is really safe, Hooty could fit your needs. FMI call Drew (403) 963-8766.

Charger, is a 6 yr old bay gelding that stands 15 hh. He is stought and has good bone and feet. Gentle doesn't begin to describe this horse. He has never offered to buck, he is always quiet, and is the same horse with time off. Charger loves to be rode out in the wide open spaces from the mountains to the prairies, he is perfect. He is gentle and soft

in the bridle, and he moves off your feet good. In the arena Charger has been heading and heeling steers in AZ all winter. He is quiet in both boxes, has lots of speed, watches a cow really well, and he is really confident and strong on the horn on both ends. If you're looking for a horse to go on and compete on, possibly take to some futurities, or one for the whole family to enjoy - whether in the arena or on the ranch, this is one to look at. His got a nice ground covering walk and I nice smooth lope. He's a really nice gelding with that dun colour that everyone will notice him. Saddle up and ride off.

Mango is a pretty, flashy little 6-year-old sorrel AQHA gelding. Willing to work, quick footed and easy to get a long with. Lots of run and still learning. He is coming along nicely in the breakaway, on the heeling side and in the barrels. He has had a lot of outside miles, from moving cattle, loading liners, pushing cattle up the alleys in the auction mart and been to the mountains and crossed rivers. This little horse takes everything in stride. We think he would also make a good penning or reining horse if someone were wanting to take him in that direction to finish him out. Has been hauled to jackpots in the barrels and heeling and handles everything well. Ready and able to go in any direction you may want to take him. This is Bree's young horse, but with her in school, Murdock will be able to answer any questions you may have, or if you want to come and take Mango for a spin, please reach out 780-206-5715.

Flashy 12 year old dapple palomino mare. "Blondie" is solid broke and was used on a ranch for brandings, doctoring cattle and all aspects of ranch work. She easily rides off alone and does not look for a buddy. She travels along at the same pace until you ask her to change pace. She is great in a group and would make an excellent trail mount. She requires oats to catch and can be a bit watchy on the ground. She gets along penned with other mares and geldings and has been turned out in large pastures or kept in small pens. She is the same horse if you ride her daily or once a month. She has been lightly team roped off with live cattle and will see more by sale day. She stands 15.0 hh. Has never offered to buck, bolt or any dangerous moves. She has had one foal. Her pedigree backs her ability.

If you're looking for your next ranch horse, pick up horse, hunting horse or if your wife or kid needs a barrel horse, mountain horse, jumping horse or just all around safe mount look no further, Truce is your man. At 6 years old Truce has seen more life than most 20 year old horses. He is all there when you need him but is happy to be a calm family guy as well. We have used him on the ranch for every job you can imagine, has been on many pack and hunting trips, no problem crossing water, going thru bogs and is as sure footed as they come. He has seen the "big lights" of the rodeo world and handled it all like an old pro. We have started picking up on him and he took to that without a problem. Truce has been to a few jackpots in the barrel pen and is the type to just point and go. Big pen, small pen it doesn't matter to him, it's the same run every time. He would make a great head horse we just haven't had the time to start him from the box but has followed the hell-o-matic all summer, runs up and rates well. Truce is the real "once in a life time" horse. It's not often you can take one to a barrel jackpot and make money, come home doctor a cow in the mountains, hit a branding that night then off to a rough stock event the next day to pick up and finish off the weekend with your kid packing a flag or going to a jumping barn. To top it off he is easy to look at, gentle as they come on the ground, straight legs and great feet. Horses like this don't come around very often so don't miss your chance to own him!! Please take the time to watch the video to see for yourself.

VIRGIL

Consigned by: LUKE VIRAVEC					
Breed	Draft Cross	Sex	Gelding	Year Born	2021
Registration	Grade	Height	16	Colour	Blue Roan

Virgil is confident, independent, and patient. He is an old soul. He has made many miles bush whacking and trail riding in all types of terrain. Steep hills, bog, swamp, rivers, and dead fall. Virgil is just happy to go explore and he has been a pleasure to ride. He has a long stride and really covers ground fast and he will long trot great distances. He does not get hot. Has a great stop. Light on the bit. Neck reins well. He does not move when you get on and off and will stand with reins loose. He will stand tied for hours alone and never fuss or paw. He is super easy to catch, trim, and load. No vices and 100% sound. Never had any injuries and is straight and correct. He wears a number 4 shoe and has solid black feet that never crack or break out. His feet have been regularly maintained since he was 10 months old. He has never bucked and is very laid back but not lazy. He is a great trail/ranch horse. He is good to gather, move, and sort cows. I don't know that you will find one much prettier with full long main and tail. Low tail set and good wither. He is very well put together. His dam is a Canadian and sire was a red roan Brabant. He does not have sprung ribs and flat back like many draft and draft crosses have. He is a bit narrow and comfortable to ride many hours. I have owned several Canadian geldings that were brothers to Virgil's dam and they are now mostly all owned by outfitters in the Yukon, BC, and 2 of them in Alaska. All have proven to be incredibly hardy and sure footed mountain horses. When the going gets tough Virgil is the one you want under you. He will not disappoint and he will definitely turn some heads. He stands 16 hands and will finish at 16-1. Come try him.

can be drove left or right, she has been hooked with multiple horses. With or without blinders. She has been used in multiple public events, including giving wagon rides on candy cane lane. Rosie is very quiet horse with an excellent mind / temperament. Rosie is good with time off, she doesn't need to be rode constantly, she's the horse you can kick out to pasture for the winter or summer and jump on bareback and a halter the moment you bring her in. She is suitable for all levels of riders / drivers. She's worked colts and halter broke horses. She neck reins, side passes and swings into a fence/ mounting blocks to make it easy for anyone to swing a leg over. She's easy to catch. Rosie stands ties and loads. She's great with her feet. Sally works well in harness, she pulls nice and stops when asked, she stands to be hooked up or stands whenever asked. She's more horse than Rosie is, needing an intermediate driver. She's only been drove on the right, she's seen wagons and sleighs. She's worked with a few different horses, and done well with each of them. Sally needs more of a consistent routine than her sister does, she's good with her feet, She's got a good mind, she does have more of a "mare attitude" both Rosie and Sally are up to date on farrier and dentistry, they will come with a fresh set of shoes for the sale in the spring. Reno is a 4 year, old AQHA gelding. This horse has it all he's flashy, gentle, good bone and feet, athletic, cowy and extremely sensible. He's about as bomb proof as you could ask for for a young horse. No buck, bolt or funny business. He's well broke, light in the face, works off your legs and neck reins great. We have have owned this gelding since he was a weanling, he has been

used on the ranch for ALL aspects of ranch work, sorting, branding, 1 and 2 man doctoring, pulling bulls etc. He will go over or through anything you ask and is sure footed in tough country. Reno is nice in the arena, he has his leads and lopes nice circles. He has been used in gymkhana games days, ranch rodeos, he placed 3rd in his first ranch horse competition as a 3 year old. Reno is started team roping on the head and heel end and handles both like he's done it a million times, lots of speed, rate and good in the box. He's good to catch, load and stands quiet for the farrier. Great with kids, dogs, quads and other equipment. This horse excels at anything he does, but is also happy to go for a day in the mountains or a relaxing Sunday ride.

Nocturno is a coming 7 year old grade gelding standing 15.1 hh. He has been there done that when it comes to solid ranch horses. He is the sweet quiet man that all of the beginners get along with but also holds his own when it comes to ranch work. When it comes time to halter break colts in the spring he is on the broke horse line up to help get the job done. He walks and swims the river crossings when we are out on the trails and handles trails very well and takes care of his rider when they aren't the most confident. Cattle get out he's the horse who's ready to saddle up and go get them back in. He's been a great horse to have around the farm but with so many young ones coming up it's time to let him be someone's number one mount. Fred's the been there done that type and is most defiantly kid safe, as I have taught beginner riding lessons on him. He packed my little sister, who was 6 at the time, through the forestry for fall gather. He's as honest as the day is long. His true calling is in the roping pen. He is any ropers dream, absolutely anyone can ride him. For the last few years he has been my main heel

[Video Link ▶](#)

horse. He's helped me win two CGRA Heeling Season Leader awards along with numerous other accomplishments. He has been hauled to World Series and TRC, along with other countless jackpots and rodeos. I have both tied on and dallied on him while team roping. Don't let his laid back demeanour lead you astray, he has the go and try when he's asked. He's a push to the steer style horse that will give you the same shot, with a stop that makes it easy to dally, every time. He's consistent and has absolutely no funny business. He makes it fun and easy to win! Fred has also been in the Heading, Breakaway and Tie Down. He has a lot of rate and cow sense. When you're heading on him, he rates well and will really handle cattle. He scores well and leaves off your hand, and once your feet stop he will rate off. In the Breakaway and Tie Down, he has a nice little stop that allows beginners lots of time to get their slack. If someone more aggressive rides him he stops harder and will step up his game. Fred is super personable and a pleasure to be around, both in and out of the arena. He has lived with my weanlings, and loves them all. He also has lived with large groups of horses, never causing any issues. His easy going demeanour transfers to all aspects of his life. He's easy to catch, shoe, saddle and clip. I have loved every day of having Fred in my string, but I am super excited to see him move forward to make his next owners dreams come true! *He does require a tight shoeing schedule every 6-8weeks and I am completely open to discuss his schedule and why with you. He will have recent x-rays/vet check available on sale day.*

Sadie would be suitable for an experienced youth and only because she has some get up and go so not for beginner kids. She has never offered to buck or bolt and we have put many different riders on her to pack around the ranch. Sadie has had two beautiful foals and was an excellent mother and easy breeder. She is a pretty mare, with excellent bone and great papers. She fills out an 80/82 blanket, she is strong and well built. Please give us a call today for any questions you may have.

DALE

Consigned by: ED MCKENZIE					
Breed	Quarter Horse	Sex	Gelding	Year Born	2017
Registration	Grade	Height	15	Colour	Palomino

Dale is one of my go to geldings, rode extensively on the ranch/feedlot and arena. Stands 15HH with a smaller frame, but still has good size bone and feet. He is well broke with a nice stop. Soft in the bridle, neck reins and responsive to leg pressure. I trust him with any job, he has done everything from roping bulls and sorting to lead changes in the arena. Dale is good to catch, shoe and load. He is used to dogs and machinery. He is kind and safe with no buck or funny business. 100% sound and healthy with no blemishes. I'd recommend him for an intermediate or up rider. Has been rode by green riders under supervision and did well. I really like this gelding and I'll be sad to see him go. If video is blurry try going right to YouTube. I have more video if interested!

Fancy Blue Cedar aka Luna is a 2019 black AQHA model standing 14.3hh. This gritty mare understands the meaning of a hard days work, being used extensively on the ranch. Luna has proved reliable in the pasture, roping and doctoring cows solo, as well as sorting and dragging calves in the branding pen. She's also put on plenty of mountain miles, crossing rivers and packing out animals. Soft, broke, and well traveled, Luna is a pleasure to ride. Up to date on routine herd health and just had her teeth done. Low on the pecking order and an easy mare to have around, she'd make a great addition to any program! Rip is a big strong true blue roan gelding. He's been an easy going colt right from the beginning who wants to please. Bruce Christie put a great start on this horse then he was brought home and rode around on the ranch. Rip would make anyone a great prospect from roping to trail riding. He handles all situations with a nice calm attitude, although he is only three he has a very mature attitude making him a solid prospect for any level of rider. He will be used on the farm this spring to calve cows and work in the feedlot. Take a good look at this strong gelding with lots of bone, a nice straight leg on a good foot. Well seasoned, been there done that Rope horse. This gelding is looking for a new partner to carry and teach to rope and ride. He's an eye-catching big paint, 22yrs of age, with a passion to chase and turn steers. I bought him four years ago for my daughter to learn the skills of roping (heading and breakaway). He is sound, his teeth were done last year, feet and legs are in great shape. No special feed program or maintenance has been done for him. Gus has been used for trail riding, been a lesson horse for all ages of riders, run gymkhana events, fly's flags in Grande Entries, has competed at JR and SR high school Rodeos, JR rodeos and open jackpot rodeos. His events that he excels in are Team Roping, Breakaway Roping and Goat Tying. He's safe, reliable, and quiet in and out of the arena. His love is for roping and will give you a shot every time!

HOT DOG

Breed	Percheron Quarter Horse	Sex	Gelding	Year Born	2013
Registration	Grade	Height	16.3	Colour	Bay Roan

Hot Dog is an 11 year old Percheron Quarter horse cross gelding that we have used all over the ranch and feedlot. Hot Dog was full time on the payroll calving cows, treating and tagging calves, and doctoring yearlings on grass. From dragging calves to the fire to pushing the shipping alley Hot Dog has seen it and done it at a high level. This big well made gelding stands 16.3 and will weigh 1450#. I've used Hot Dog at some bull ridings shagging bulls and nothing ever seems to phase him. Hot Dog has roped and tied down a ton of cattle in the pasture and feedlot, he is really nice to 1 or 2 man doctor on and will hold a rope and ground tie all day long. Hot Dog has been used extensively in rough country, he is a point and go type that will cross absolutely anything you point him at. I used Hot Dog in the Ponoka Stampede Parade this past summer and he handled all of the commotion flawlessly. Hot Dog gets around himself really nice for a big horse, spins both ways and will really get in the bridle. Hot Dog has a really soft eye, is good to catch, will stand tied all day and is dog gentle on the ground. My kids have really grown accustomed to brushing and crawling all over him. This gelding would be outstanding for pleasure or take him and keep using him. Fancy under saddle and fancy looking without one, don't miss on this big gentle crossbred gelding. Tucker, the Superstar! Tucker has everything you could ask for in a horse - he has never said no! His conformation is fantastic, he is straight and very well put together. He's soft off your hands and legs with a steady head carriage, and along with his smooth trot and canter, he is the ideal height for western discipline as well as English at 15.2hh. For the western rider:

[Video Link ▶](#)

Tucker neck reins, has a good stop, and you can open and close gates off him on your ranch or while sorting cows in the corral. He's already worked a branding, roped steers, gathered and sorted cattle, and been out in the mountains, where he isn't bothered by wild animals like elk. He goes through rivers without hesitation, has done skijoring, and gone on more than a few trail rides, which he's fine to go out on alone as he's not herd bound. Interested in dressage? Tucker knows how to leg yield, half-pass, shoulder-in, travers, and he does flying lead changes. He has a great collection and a very steady pace. Neither western nor dressage? No problem! Take him to the next jumping show in your town. He is currently schooling 0.9m (3ft) and has potential for higher. Tucker has excellent ground manners and stands well for the farrier, he's been both barefoot and shod. No problems with bathing, and he loads easy in the trailer. Tucker is a real gentleman in every possible way. Over the last year Tucker has taken part in our lesson program and he quickly became the barn favourite. Whether ridden by 8-year-olds, adults, beginners, or experienced riders he puts a smile on everyone's face. If you are looking for an all-around family horse that can be used as a kids' horse, for performance and competing, or just a pleasure horse for anyone that wants to ride, this is the horse for you! Tucker is a 2019 AQHA registered gelding and no matter what you throw at him, he will take it in stride and always try as hard as he can to please his rider; this special boy is a real unicorn. You'll definitely want to come check him out and go for a ride. Stay tuned for his video coming this week! Gusto is a 5 yr old home raised gelding. He stands 15.2hh and filling out everyday. He is by our late stallion Tejons Blue Hickory who had his ROM in working cowhorse & reining as well as points earned in cutting. His dam is an appendix mare who produces the same easy going, trainable and personable foals every time. Gusto has natural cowsense and likes to work cattle.

[Video Link ▶](#)

He is a smooth mover and has a long stride and the speed when asked, otherwise he is pretty laid back. Gusto is sure footed and confident on any type of ground. He is riding around one handed, works off of leg pressure, is soft in the mouth and collects nicely. He has solid feet; no cracks or chips. No scars or blemishes. Gusto is our go to horse. He is the first horse to greet you at the gate no matter how long of a day you put in the day before. He is as willing and eager at the end of the ride as he is at the beginning of the ride. He has a goofy, lovable personality and is just easy to have around. He has been used extensively on the ranch and was hauled to multiple brandings this past summer. He has been through all seasons of ranch work- calving, sorting pairs, branding, moving pairs, gathering/sorting bulls, pulling bulls and is now currently being used on our ranch backgrounding feedlot to check and pull calves. Gusto has put the miles in and we feel this gelding is ready to go any direction you want. Take him and make him into your dream horse! He will be a hard one to say goodbye to when the sale day comes! He would best be suited for an intermediate to advanced rider as he can be a bit tight after time off - by no means is he a bronc, he walks out of it within a few steps after you get on! He is touchy with ears when roping (just gets worried about the rope touching them). He can also be a bit cheeky and has figured out to untie himself when tied for extended periods of time and will go pester the other horses -personality right?- so has since been hobble broke to prevent that from happening. He does tie well, just gets bored after a couple of hours. Other than those 3 things he is solid and in time will make a great horse for any type of rider. Check out our page Broken Arrow Ranch Quarter Horses on Facebook to view more photos and posts of him! We welcome anyone to come out and meet him & try him out before the sale. to harness and loves to pull. Sparkle has been used in parades, carried flags in grand entries and competed in junior rodeos. She was used for goat tying, pole bending and excels in barrels where she has won buckles, blankets and money. Sparkle has never ran off and is not broncy. She has been used to move large herds of cattle, will sort cows/calves in pens and does not get worked up. She loads, clips, baths and is good for the farrier (never foundered) and has really nice feet. Sparkle is truly one of a kind and will excel in any discipline and is ready to enter in her next barrel jackpot. We hope you enjoy her Youtube video and have many more videos to share if requested. Please contact Sarah with questions or to set up an appointment to try Sparkle.

Ransom is a one of a kind horse and one you do not want to miss out on. She had a few months under saddle in the spring when she was started and we just brought her back under saddle. She has NEVER bucked, bolted, or reared. Even after a few months off you can get back on with no issues. She has been ridden through water, roped on, been ponied, ridden in arenas with other horses around and has never had any issues. She ties, leads, been blanketed, and is good with her feet. She is going to excel in any direction you want to take her; roping, ranching, trail, show horse. You name it and she'll do it! She is going to be missed and I would love to keep her but I have to many at the moment and it isn't fair for her to just sit when she has so much potential.

As you can gather from his name yes Mr. Chubbs has been an easy keeper his whole life. Me and my brother have rode Chubbs for about every job on the ranch. He stays calm and cool were ever you are riding him he also has a rocking chair lope. He has been to the mountains were he takes everything in stride, steep terrain, water and bogs even the odd grizzly bear. Mr. Chubbs has chased and sorted countless cattle, side passes nicely to open and close gates. We feel that you will wear a pick up truck out trying to find one like him and feel he would suit most anyone. Excellent to catch, shoe and load current on his dental and de worming. Here is an 8-year old gelding that is built right and has the talent to go with it. "Cash" is a great-grandson of Nu Cash a \$2 million dollar sire, NRCHA Hall of fame, and sire to 3 Snaffle Bit Futurity Open champions. "Cash" has been rode primarily in a reining program and is a true athlete. He has a BIG stop, beautiful lope, and turns well for his size. Ride him in a halter, snaffle or bridle. He has been ridden bareback and carried tools on the trails and in community pasture. This horse is all business and likes to move out and work. He has a lot of go and does best with experienced riders, although has been ridden by novice riders. Baths, clips, hauls, has been shod and is an easy keeper. "Cash" is currently well started on the dummy and will be working live cattle until the sale. UTD on deworming, dental and farrier.

This is has not been an easy decision to sell Jeb as he has been our go to horse for the last several years. But it is time for him to be someone else's #1. He's an outstanding ranch horse who also has been team roped on. He would make a great addition to anyone's horse herd. Have had him since he was 4 years old. Jeb has been exposed to all aspects of ranch work and excels at everything that is asked of him. Gathering big groups of cattle, roping bulls, doctoring, one man doctoring, brandings, trailer loading, sorting, weaning, snubbing, colts Jeb has done it. He has been there done that with all aspects of ranch work. But has been far from over used and well maintained to ensure he has lots of years ahead. Shown in ranch horse competitions, recently won the ranch horse competition at Nicola Valley Ranch Rodeo. Jeb has been heeled on at winter jackpots series and open rodeos. Headed on but not barrier broke. Very sweet natured, kind horse. Easy to catch and shoe. Wears a #2 shoe. Clips, baths. Excellent hauler, always drinks. Easy keeper. Gets along well with horses, been turned out in large groups. Up to date on vaccinations. Up to date on dental. Will be located at Alkali Lake Ranch(Div. A 7 year old registered palomino gelding, sired by JT Tallymine Doc. A sire producing top end futurity and rodeo horses. I purchased max from the diamond k sale as a weanling, where he was a featured colt in the sale, his ad taking up an entire page. Since then, max has been a wonderful addition to the family. Every stage of training came easy to this horse, and he quickly became my main using horse on the ranch as well as helping me in my colt starting program. This horse has done everything from flagging colts, ponying, dragging lots of calves at branding, sorting, working gates while sorting, turning back in herd work during shows and practices, lots of pulling the kids in sleds, and recently being the horse my daughter and her friends (with less experience) can bomb around on. Max seems to transition well to the ability of his rider, while maintaining a work ethic. In addition to these jobs, we run cattle in the hills, so he's accustomed to bush, hills and crossing rivers and creeks. I've also patterned him lightly on barrels, just for fun. Max changes leads easily, is soft in the bridle and very light off leg pressure. Max is a very smooth horse to ride, making it easy to sit his trot for longer days. He also has zero herd bound issues, great tied to the trailer or in the barn alone. He has good black feet that haven't required shoes, and I seem to not have to trim him very often as he wears them down correctly without flaring. UTD on everything. This horse is a people horse, always has been. He'll make an excellent addition to any ranch or family as he's very versatile.

He has been used in pasture doing some light treating, moving herds, and checking cows, as well as penning cattle at the auction mart. This little horse is very gentle and easygoing. He has been ridden by many different people here and is one of our go-to horses if someone wants to ride. Mouse is level-headed and takes new situations in stride. We acquired this pretty little filly as a 2 year old, and she was very easy to start. Last summer, as a 3 year old, I rode her a couple days a week for the season in the community pasture where she was used to rope and treat cattle. In the fall I had also used her to sort cattle. I had given her some time off after that and just started riding her again this January. She never skipped a beat, took off right from where we left off. I have recently started heeling on her this February and she is coming in to this position very well. She has a very laid back disposition, but willing to to do anything that is asked of her. Real nice horse great potential.

Sweetgrass is a flashy Black and white paint gelding, standing 15HH and weighing 1150lbs. He is bound to turn heads wherever he goes! Sweetgrass is as honest as the day is long, and very willing and kind. He is a deluxe ranch horse and is the one you want to saddle if you need to get the job done on the ranch. He knows all about a long days work.

We have used him in the feedlot, to gather cattle in rough terrain, doctor yearlings, drag calves, and sort pairs. Take him straight from the pasture to the arena and back him in the box. We have been heeling on him and he is a natural. Leaves the box flat and smooth, really watches a cow, makes a nice corner the corner and gives you that same consistent throw every time. Sweetgrass is always gentle and safe. He will give you the confidence you need if safety is your priority. He is great on the trails and will go where you point him. This gelding will be enjoyable to own everyday. He is extremely easy to handle on the ground, will meet you at the gate to catch, saddles up gentle every time even without routine riding. If you are looking for a heel horse and one you can use on the ranch, this is the gelding for you. For more information please call Kale and Tatum Peterson at 780-515-0715

Bronco is a big brown 6 year old gelding that stands 15.1 hands high, with no marks or blemishes that will make some Cowboy or Cowgirl a pretty special mount. This 2018 gelding has seen alot of outside miles for his age. From calving out 700 cows, to one branding after another with all different types of riders aboard. His big strong, smooth lope makes him a pleasure to ride them long miles gathering and doctoring on those summer days. Bronco is a Cadillac outside on the ranch, as he has spent most days getting road alone- however that being said his papers and how he is started, this horse will also excel in the arena as a barrel or rope horse. Bronco is easy to catch, stands for farrier is great to haul and good around dogs and kids. This winter Bronco has also been exposed to the roping box and has been excelling on the heading side. Please contact Dayton Roworth for more information or come to the ranch and give this big brown gelding a try. 780-806-3165

Cedar's pedigree needs no introduction with greats like Gallo Del Cielo, who has off spring earnings in excess of \$6 million including her grandsire Lena Gallo, Gallo Del Cielo's highest earning son, with NRHA earnings of \$178,000. On the top side, Peptos Boon Shine has proven to be a very verstaile sire with money earning offspring in the reining/roping and reined cow horse pens. Cedar has been with me since she was two.

[Video Link ▶](#)

We spent her two and three year old year working on her foundation, body control and softness. She was brought along slow and correct until she was physically mature enough to go to work. She started dragging calves to the fire the spring of her four year old year. After branding season, she spent the summer with Amos Abrahamson getting formal cow horse training and polishing her maneuvers. In the fall she was back to ranch work, gathering and sorting cattle at multiple pastures. She's quick footed, reads cattle well and excels at working a sorting gate. Mentally she can handle the pressure when things get fast, without getting hot. I can see her having a successful future as a breakaway or penning/sorting horse or send her out to be finished as a reined cow horse. Cedar is a safe mare that anyone can ride, she's never offered any trouble. She would make a good ladies ranch mount, ride her up when needed or throw her a loose rein on the trail. She's been hauled all over and ridden through all kinds of country. She's sure footed and has exceptional feet. She enjoys having a job and if left bored in a pen she may crib but this has been controllable with a collar. Cedar has been an asset to have around the ranch, a true get-on-and-go horse that's always the same, even after having time off.

Solid black home raised AQHA mare. Quiet horse to be around, easy to catch and load, no bad habits. Underneath her great nature she has a lot of speed. She's been started on barrels, I think she'll excel at it or possibly break away. She's responsive and sensitive, knows all the basics well, side passes, half pass, turn on forehand, pivots, stops well. Has been used in the mountains last year leading trail rides through rough country and crosses water.

Pudge is a flashy grey gelding that is currently being used in a 4500 head feedlot. He has pulled, doctored and loaded thousands of cattle. Pudge has excellent cow sense and is keen to watch a cow. He's not spooky around farm machinery, liners or loud equipment. Has moved cattle through the Red Deer River valley and will plow through brush and trees. He moves nice, has a nice little spin and has been used for some basic reining lessons. He's also been rode in a couple parades. Good to shoe, not herd-bound and no blemishes. day is long, absolutely no buck or bolt. His only flaw would be catching him in a large field, we usually have to walk around the feeder two or three times then he stands for the halter. In the corral you can just walk right up. He would get any roper or rodeo person to the top, if they were handy enough to get their part done. We have gathered cows on him, pulled calves to the pot, field tied and treated cattle. He's been on multiple hunting trips to the mountains. Jack has been to many jack pots and Pro rodeos doing both the job of a head horse and a pickup horse in the same day. Stands rock solid in the box till you drop your hand and then it's a speedy ride into position where he stays until you decide to turn the steer. Jack would be a pleasure for anybody to own.

Good to cross rivers and bogs and is safe and sure footed on the ice and snow. He is an easy moving horse with a nice smooth lope, a good stop and a ground covering walk. I have picked up a few broncs on him and he is taking a real liking to that job as well. We have roped the dummy on him and will have roped out of the box on live cattle by sale day. Rubble is a gentleman to be around, easy going with other horses, been rode by kids and has the foundation to go on and excel in any direction. extended period of time and you hop back on feeling like you never walked away from him. When riding outside he is good footed in a variety of terrain and travels out on a loose rein. You can safely ride him bareback in a halter and he is unfazed by tractors, skidoos, wildlife, etc. When riding inside you will find him comfortable in the arena and well trained with many buttons for the western discipline. We have used him steady and and for a variety of things. He has worked the flag, been a drill team horse, roped calves in branding pen and doctored in the pasture, done liberty work, completed a cowgirl challenge course, been ridden by kids, worked at the auction mart to bring cattle up, rode on trail rides, and has taken care of green riders who need a horse. TJ has been used as a head horse in our family and has been roped on by higher and low numbered headers. In the roping arena he has seen a lot of practice steers, consistent dummy roping and competed in team roping jackpots. He was patterned on the barrels as a younger horse and has competed in barrel racing jackpots. He has put in some hard days of work at our ranch, but I'd say his heart actually lies in the fun stuff rather than as work horse. TJ is the kind of horse you could ride all day, have fun, and do anything on. If you ask him, he will try it. He loves attention and enjoys being pampered. TJ is that special horse that will stand all day long while your little girl braids his mane and tail. He could be that horse that is your best friend for life. He is up to date on teeth (floats), regular trimming and shoes, and is maintenance free. Feel free to call us to chat about TJ or come for a visit to give him a try.

"Cowboy" is the perfect name for this young gelding. He is a confident, independent, well built Welsh Cross with a "been there, done that" attitude. Turning three in June and approximately 13 hands, nothing seems to faze this young gelding. He has the desire to work and learn. You can crawl under him, wrap him in tarps, ropes or flags. He has pulled tires, jugs and the Christmas tree. He has done obstacle courses in and out of arenas, this fella is desensitized. He is easy to catch and is working on being ground tied while being saddled. Cross ties in the barn, loves his stall. He has been ridden bareback, Western or English and easy to mount. He has only been rode in a halter but will be introduced to the bit. He loves water, bath time and has been swimming in the lake. He has spent many hours ditch riding beside a busy highway, pasture riding as well as indoor/outdoor arenas. Possible prospect for English/Cross Country eventing as he loves to free jump (approx 3-4 feet) with room. He has started on side passing, front and back, and leg reining. Walk, trot and stop come easy, still working on loping. Continuing to work on transitions. Cowboy self loads into the trailer and is up to date with barefoot trims. 100% sound, never taken a lame step and never had any major injuries. Besides being a great pony, he has the possibility of being an all around ranch or jumping horse. He is registered for two upcoming clinics in February and will continue with training.

Batman, is a big gentle dude. I have owned him for a year and a half now. He went back to the basics and learning to be a horse again. Batman had a bit of lack in confidence when he arrived he has come leaps and bound, I stand behind all my horses I feel confident he is ready. He's not afraid to push some cows up, cross anything from water to a bridge. He has a big stride and was running 2D times this summer. He is currently being legged up again. He is started in the box, tracking the dummy and roping some slow steers out of the box and is taking to it well. Take him off by himself or go on a casual trail ride. He has all the right components to take you to the winner circle. He's quiet, good for Ferrier has good conformation, nice solid feet.

Experienced mountain horse ready to go for 2024 season! Chip has extensive mountain miles under his belt, in addition to a loaded resume! Chip has been used for ponying colts, checking cattle, sorting cattle, competing in obstacle challenges, and he has recently been introduced to team sorting. He's even been ridden through town! Chip has climbed mountains and crossed rivers without missing a beat and excels at bog, logs, rocky footing and elevation. He would also make a great ranch horse if someone put some rope hours on him having had lots of exposure to cattle, and been used to check cattle and sort on the ranch. Chip neck reins, collects, side passes, turns on forehand and turns on haunches. He has been ridden with saddle bags and full mountain gear. He is very accepting of tarps and new things. Chip rides out alone or in a group, and he's good with dogs tagging along underfoot. He's quiet, soft & responsive, and a joy to ride. However, he's a big 16hh horse with a lot of strength and power and he is not for a beginner or a nervous rider. Best suited to an experienced rider. Up to date for feet, vaccines and dewormer. Teeth done Jan 2024.

"Jack" is a 2019 AQHA model sorrel gelding standing 15.1 and built right. "Jack" has been extensively used in the roping and branding pen on both the head and heel side. We have used "Jack" on every aspect of the farm, from gathering/moving cows, sorting pairs, and checking pens. "Jack" is confident under saddle, he doesn't veer around loud machinery, crosses water, great to bushwack, open gates, and works great through all different terrains.

Video Link ▶

"Jack" is great to be around, easy to haul, trim, bath, and worm. "Jack" has had intensive groundwork done leaving him incredibly respectful and well mannered. "Jack" would be perfectly suited for any means of ranch work or to continue his career in the roping pen, he is the kind of horse that will work all day and strive for his best. "Jack" is better suited for the heading side but is just as capable on the heel end. He has countless hours in and out of the arena always carrying out a consistent strive for work everyday. "Jack" is the kind of horse you can leave for weeks and never miss a beat. We have had many riders that vary of experience all do amazing on this horse. You can take this horse out in any headgear from a bosal, snaffle or shank. He is a incredibly smart and forgiving horse that will ride out in a loose rein in confidence. "Jack" is consistently UTD on all farrier work, shoeing, dewormer, floating, and on schedule with our chiropractor keeping him feeling his best. Jack is a one of a kind horse, with any questions or interests in trying him out please reach out to Masen Grover.

Hollywood is a pretty, flashy, big moving mare with an easy going and willing attitude. She is by a son of Wimpys Little Step (13 million dollar sire and NRHA Hall of Fame inductee) out of a money earning mare and daughter of Prime Time Chex (Hollywood Jac 86). She is soft in the face, moves off your leg the way they should, light on her feet, naturally has a big stop and can step out and cover ground or slow down and stay collected when asked.

She will work the flag, is started on cows and immediately took to wanting to work them. She has spent time roping, is started on the barrel pattern, has been through trail obstacles and even done some Skijoring. We have thrown a little of everything at this mare and she shows up willing to try every time, and is still always the first to meet you at the gate. Hollywood has all the moves, fundamentals and try you need to go in the direction you choose whether it be a performance pen or a great family horse for your ranch. Later you can move her to your broodmare band and produce more well bred, nice minded horses.

Sugar is a horse the whole family can love and ride. She can be rode day after day or have months off and is still the same horse. She's a horse you can feel safe to put a beginner on to go for a trail ride or you can cinch her up tight and go one man doctor on. Sugar has been my main mount for the last 2 years. She's done all aspects of ranch/feedlot work such as calved heifers/cows, pulled calf sleds, trailer loaded bulls, roped and treated calves, doctored yearlings, weaned/ sorted pairs, worked in the feedlot, dragged calves to the branding pot, opened/ closed thousands of gates, been to the mountains trail riding, has had a whip cracked off of her and has been started on the heel side. She has been around equipment, dogs, quads, side by sides, she takes everything in stride! Sugar is made to last! Coming from the W6 ranch up in Hudson's hope BC, she has good solid feet, was lightly started as a three year old and was hardly was rode until I got her a few years ago. Rosie is a pretty red roan mare that's showing a lot of promise, we've owned her since she was a yearling, she was started as a 3 year old and then just casually rode till last fall when I took her into my string and rode her all winter in the feedlot and outside. Rosie has a pleasant disposition, never has a bad day, and has a lot of feel. I have

roped a number of steers on her and she is taking to it very well. She rates well and is fairly cowy. She is showing that she would make a great head, heel, barrel, ranch, or trail horse. Rosie has been shod and is up to date on dentals. I would be happy to give the new owner the option of sending her back home with me for the calving and branding season. Renes Givemalickin also known as Django is a 6 year old registered gelding. This flashy black gelding stands about 14.3hh and is strongly built to be the perfect size to go any direction a confident rider wants to take him. Django was started as a 4 year old on the sleigh driving double then moved into ranch work. He has been used at brandings and extensively in the pasture. We have doctored everything on him from calves to cows. This summer Django was started on the head side but was moved to the heel side where his natural rate and short neck makes him ideal for a heel horse prospect. He is on the greener side but making jumps of confidence every steer. Django has seen some sights and been hauled where he handles it all stress free from eating, drinking, loading in dividers and stock trailers or being tied to a trailer all night. He gets along with other geldings and mares. He knows how to handle himself in all terrain and has never walked a lame step in his life. If you're looking for a ranch all day and go roping in the evening Django is the horse for you. He has the potential to excel in all areas ranching and roping with a confident rider who will put him number one.

Firefly is a 6-year-old papered quarter horse/welsh cross mare. (registered with the Welsh Pony and Cob Association.) She stands 13.2HH and is built sturdy enough to carry kids up to smaller adults with ease. From day one she has been an extremely gentle, predictable, calm, and well-mannered mare. Recently, we have been starting her on barrels and poles. We took her to her first indoor jackpot and she easily handled the new sights and

sounds. I could see her being an excellent Gymkhana or 4-H horse. We have put many ranch and trail miles on her, moving cattle, sorting, pulling sick's, roping, and doctoring. She's great to have around. She is easy to catch often meeting us at the gate ready to be caught. Cinch her up, hop on and go, and never had any funny business. She's good for the farrier, never foundered, or came up lame. We sharp-shod Firefly this winter so that we would be able to use her in the feedlot. Firefly neck reins, side passes, collects, works a rope, rides off leg, and seat. This mare is a hard-to-find combo, she wants to be with you but is not pushy or disrespectful. She loves affection. Firefly is honest and eager to please. Firefly would be an excellent horse for a rider to gain confidence on or for an experienced rider who wants a dependable mount. Give me a call or text if you have any additional questions.

"Chevy", is the ideal family ranch horse, 4-H or High School Rodeo/ Senior Pro Rodeo horse. He sorts cattle, ropes and treats, worked the branding pen and is started on breakaway/calf roping, showing huge promise. He's even been patterned on the barrels and poles. To add to a great working mind, he's a calm and easy going kids horse. He's been the mountains and numerous other trail rides, crossing water is no issue. He can be in a group or on his own. Good to catch, trim/shoe and load. He's the kind of horse that can sit in the pasture until you need him and he's just where you left him. Fantastic all around working and family horse. Chevy is suitable for any level of rider.

Rocky is 15hh with good bone and disposition who meets you at the gate every morning. I have used this good natured gelding to give riding lesson to beginner lady and the neighbour girls have used him several times to move their cows. He has excelled at halter breaking and ponying colts. Rocky is the type of gelding we are proud to raise.

We have started him on the heelomatic and tracking cattle. He will make a great head, heel, or breakaway horse, or a real nice trail horse that the whole family can enjoy. Come by and check him out. Darcy Mabbott 403-740-6700. Video on Ice Quarter Horses Facebook.

The perfect family horse! Trail riding / Ranch / Head horse. Approx 15.2 solid built with lots of foot. Ready to go jackpot Head horse! Goose has been hauled to jackpots this winter. He's had #3- #6 headers on him and worked great for all. He's had a 12 yr old kid to old men and women rope on him. He's the same for all. He is good in the corner, stays in your hand, strong on the horn.

[Video Link ▶](#)

Goose is safe for all levels of riders. He's honest and gentle. He is very broke, but forgiving to a greener rider. He has been Trail rode lots - crossed water, through valleys, desert and mountains or even through town! Not spooky. Sure footed. Doesn't hesitate at anything. Goes out great alone and in a group. He was hauled to open shows last summer and used in some ranch pleasure classes and patterns. He's also been rode English. He would be wonderful as a youth open show / 4-h / gymkhana horse. He was ranched on at the community pasture last summer/fall. Roped calves, cows and bulls. Used in the Branding pen to drag calves to the iron as well. Up to date on farrier, deworming, teeth, coggins, chiro, vaccines. Sound, healthy, no scars or blemishes. Great for the farrier, bathes and clips no problem. Loads great, stands tied in stalls or trailer, not herd bound, easy keeper, middle of the pecking order. Used to all the action and chaos- quads, tractors, dogs, kids, highway traffic, trains, etc.

JAGNOTE

TOOKIE THE STAR

Chavez has been our go to saddle horse, born and raised on our ranch, Chavez quickly became the guy that is caught first to "get the job done". He was lightly started as a 2 year old, rode off and on as a 3 year old, and consistently rode as a 4 year old. He has seen arena work, halter breaking, flagging and starting a pile of colts, roped the lead steer in the head box as well as some slower cattle. Has an excellent stop and really carries himself collected and correct in the bridle. He has been extensively used for ranch work, sorting, doctoring, gathers, been to both heel/drag and head and heel brandings, roped yearlings, cows and bulls in the pasture and is big and strong enough to pull and hold a rope well. He has won me money in ranch rodeos and ranch ropings, and has seen the lights of the big city. He has a Gentle, easygoing personality that gets along with just about anyone. Been to the mountains, crosses rivers and bog, big and pretty, wears a size 1 shoe, is 16.1 hands and around 1350 Lbs. Both Sire and Adam are AQHA registered, He sells as grade. Feel free to reach out for more information.

"Molson" is a 9-year-old "Canadian". (I don't have papers so he will be sold as "grade") He is a Flaxen mane and tail sorrel gelding who stands 14.3 hands and wears a size 2 shoe that you can Ride, Pack and Drive. He had a later start in life as he was broke to drive as a 6 year old. He's been driven with the sleigh, wagon, and bale unroller. He's been ridden and packed in the mountains. He

[Video Link ▶](#)

has had 4 months of professional training where he has been taught to neck rein, and he responds well to leg pressure to open and close gates. He is used to being around dogs and machinery, he crosses rivers and loads with ease. He has been used to gather, move and sort cattle. He will be ridden up until the sale day on a working cattle ranch doing all of the duties required. He has been started on the Heel-O-Matic and working the flag. He is UTD on vaccines, dental, deworming and farrier work. He stands well for the farrier and has been cold and hot shod. He would be best suited for a ranch (as he seems to enjoy cattle work), for an Outfitter/Guide or someone doing horseback trips into the back country and for someone who enjoys driving a team. He has bucked on me on 2 occasions so I would recommend an intermediate or advanced rider to further his riding abilities.

Crack the chute off him, ride him in and out of the trailer, pony colts, move cows

[Video Link ▶](#)

or go to the mountains. He is an absolute legend. Could do 4H without a hitch, he's not spooky (see videos) and oozing confidence only a buckskin pony can have. You won't beat the peanut rolling pleasure horses but you'll be the coolest kid there and that's what really counts. Slap an English saddle on him and bring home the ribbons there too. Moves out like a big horse with flashy little knees. Could be a fancy hunter pony if you wanted to go down that road but Jet believes he is a barrel racing pony and this really is his favorite thing to do. Saddle him up or jump on bareback and ride him where the wind takes you. In your pocket, full of personality but he is kind and not a testy little turd. He is forward and on the move- he has a solid walk, trot, lope and is not on the muscle in his dry work or going in the gate at the race, but he knows his job. He can sit for a year and suck him tight and step on. He has absolutely no buck, rides in a snaffle and is about as bombproof as you can get. Could be a lead line pony, but would excel as a step up mount as he takes his rodeoing seriously. Jets only vice is he will paw if you leave him tied alone. He is not herd bound to ride out though. Great to haul, excellent in a herd environment- mid pecking order. Does fine on grass, no history of founder, and isn't a fat pony type. He is straight and conformationally correct with no scars or blemishes. This isn't only a kids pony, this is absolutely enough horse for a small adult rider, you'll never find the end of him and you can do it all safely. You've never had a cheering section so loud at the barrel race as you do when you are on "pony jets" I can promise you that much.

He has been used for everything on the ranch including branding, weaning, pulling bulls, sorting, ponying colts, and opening/closing gates. Chex is a very sweet, kind, quiet mare with breeding and looks to boot! Since the start, Chex has always been easygoing. She is good-minded, learns quickly, and has no buck, spook, or silly business. She can be turned out for several months and brought back in with no trouble. With her quiet demeanour, she is the kind of horse you can trust others to ride and has been ridden by different leveled riders. Chex has been ridden in the mountains, used to gather pairs, pull the sleigh around the yard, and rope the heelomatic. She is soft, smooth to ride, and has a nice stop, back up, and turn around. She also hauls, baths, clips and ties well. If you are looking for a family horse that anyone can ride, she is it!

Breed	Draft Cross	Sex	Gelding	Year Born	2014
Registration	Grade	Height	16	Colour	Grulla Paint

Tonto is a 10 year old, Clydesdale paint cross all around ranch horse and/or trail horse. This guy is a big soft teddy bear with as many or as few buttons as you ask for. He is very well suited for all types of riders from beginning to intermediate. He is soft in the bridle, neck reins, picks up his leads, has a beautiful smooth long trot and a good stop. For his size he is very sure footed and agile, side passing and crossing over with ease. Tonto is good with all types of animals, from dogs running around his legs to cats jumping on his back while you're trying to saddle. Tonto has put on quite a few miles in his life, from packing in the mountains to working on a 90,000 acre ranch. He is confident in all types of ranch work, from sorting to roping bulls and branding. Over his many miles he has covered quite the country from rivers, bridges, bush whacking and highway crossings. Tonto is a horse who is confident on his own and is also good with others. Due to his size he as become quite polite about helping you on, whether it's a side hill, fence or rock. Tonto is good to saddle, quiet to be around, and will stand tied for hours. Trailered almost daily he is no stranger to loading and unloading, due to his size he prefers a stock trailer over an angle haul with dividers. Tonto has big solid feet, due to the miles he performs in a year he is typically shod on a regular basis. While he excels in the country he occasionally is ridden in an arena setting where he handles everything with ease. For more information or viewing, please contact Caroline Meert at 403-688-0199. Tonto will continue to be used on the Waldron Grazing Co-op right up until the sale, so if you would like to follow along with his adventures follow carolineameert on Instagram or Facebook. We invite you to come out and watch him or hop on for a ride to see what he is like. Located in Maycroft, AB. Thank you for your interest. See you in Ponoka!

Badger is an eleven year old ranch horse. I really don't want to sell him as he is bomb proof but I have more horses that need way more riding. I have owned him since he was seven and he has turned into a great cow horse. He has always been well mannered with a very mild calm temper. In all the time I have ridden him he has never offered to buck, hop, or any mean behavior. He had never roped a cow when I first got him, but for the past two years I have roped and drug calve in the branding trap with no accidents. I have tied off on him to doctor calves as you can see in the front picture. In the video I drag a barrel and face him up to it multiple times. Aside from roping he will open and close gates, neck reins, is great for sorting cows due to his calm manner, and fallows a bunch of cows like he was tied to them. I live in some rough country with steep hills and rocky broken terrain. He will cross any creek, ditch, log, or obstacle. He very rarely jumps, but prefers to step over obstacles unless you make him. He is great in the timbered country, he won't try to swipe you off on low branches, and has never smashed my knees into trees. He has been very rarely ridden with another horse and it has never bothered him. I have encountered bears, wolves and other wild creatures. He has never freaked out no matter what jumps out of the brush. I do all his shoeing and foot work. He is wonderful to shoe, never tugs, or leans on you. Picks up his feet when you touch his legs. he has good size 1 hard feet with straight thick walls. He stands to saddle, brush, shoe, mount, and bridle. He is great to haul in trailers or load up ramps into stock trucks. He ties great and doesn't pull back. He went lame once but came out of it over the winter. In all the long days of riding he has never quit or shorted me to do anything. This horse will give you his all until he can barely walk and then some more. He has never left a job half finished.

Pokey is an all around kids pony. Nothing seems to faze him, he's good with tarps, flags, ropes being tossed at him, kids jumping over him, crawling underneath him, and even a cap gun fired beside him. Kids can just walk out and catch him and lead him around without a halter, good for being saddled and can stand tied for hours without an issue. Hops in and out of a trailer

no problem. He can be ridden saddled or bare back, easy to bridle and mount. Good walk, trot, lope, and stop. Done barrels, ditch ridding, pasture ridding, riding over obstacles (tarps, logs, plywood, etc.) and even some calf herding/sorting. Can be led into water and he even likes swimming. He's currently being started with swinging a rope on him and dragging logs around. He has mostly been ridden independently but he's good for leading kids around on too. Is being worked with almost daily up to sale day. He's never been sick or foundered. Middle of pecking order, will be UTD on farrier, deworming and vacations. BUBBLES has been used to move cattle on a few different pastures. Also used to work colts. Stands for the farrier, loads hauls, lots of bush miles has been to the mountains. Some roping. No funny business from this fella. Leave him months and he is the same horse. Gentle natured fella. Middle of the heard temperament.

MEZOOMN MOCKINGBIRD

Consigned by: BARRY SCHMIDT					
Breed	AQHA	Sex	Mare	Year Born	2018
Registration	Registered	Height	14.3	Colour	Black

Solid black home raised AQHA mare. Full sister to MEZOOMN ON TEQUILLA (also consigned). Has been ridden out as well as in an arena, started on barrels. Quiet horse to be around, easy to catch and load, no bad habits. Good natured and has some speed. She's been started on barrels, I think she'll excel at it or possibly break away.

She's responsive and sensitive, knows all the basics well, side passes, half pass, turn on forehand, pivots, stops well.

APACHE

Consigned by: JERRY DODDS					
Breed	Quarter Horse	Sex	Gelding	Year Born	2010
Registration	Grade	Height	15.1	Colour	Red & White

Apache is a good safe horse that has been used mainly for trail riding his whole life. That being said he has moved and gathered pairs aswell. He has been rode up and down the ditches lots and is traffic safe. Awesome to ride out on the trail with the group does not care if he is at the front, middle or the back. Very kind to be around good to catch, shoe and load.
