Lot **1** **REDMAN**
2010 **SORREL GELDING**

Consigned by: Jordan Dodds

Redman is no stranger to dragging calves to the branding pot in the spring. I used him all last spring for calving, putting pairs to grass, checking in the summer and pulling the bulls in the fall. Redman gets out and walks nice and will pony lope all day for you. He has been rode through the creeks and the bogs and not much will phase him. Redman was used last summer in the mountains for a week, steep terrain does not bother him steps over logs and is very sure footed. Ride up and down the ditches traffic and barking dogs do not phase him. Redman stands good for the farrier and he does not pull back. Redman is a very nice horse he will go any direction you would like.

For more information please call Jordan 403-783-0246

Lot **2** **TRAVELLER**
2009 **GREY GELDING**

Consigned by: Darla Hoover

Traveller is a gentle, solid broke gray gelding. He is safe enough for beginner riders and still broke to get any ranch job done. He knows his leads, has an excellent one handed neck rein, and will open & close gates. Traveller will ride to his rider's skill level and take care of them the whole time. If you're kid wants to learn to rope he will wait patiently for you to throw a bunch of loops to get a calf caught in the branding pen and will track the roping dummy in the arena. Traveller has seen many outside miles trail riding and on the ranch, pushing and gathering cattle. He will go where he is asked, rides off alone without a fuss, crosses creeks and bridges with ease. He is smooth to ride and just a fun horse no matter what you want to do with him. Traveller is very friendly, with excellent ground manners. Easy to catch, stands for the farrier, loads and backs out of the trailer. He takes time off, saddles up quiet every time, no spook or buck. Traveller is a honest horse that your kids can learn a lot from and have fun with.

Consigned by: Drew Spencer

If you need a dependable ranch and trail horse, Pistol could be your guy. He has been to every branding in the country and knows his way around a cow. There's not a job on the ranch I'd hesitate to get done on Pistol. He will ride off alone or in a group, and will cross whatever you point him at with ease. He's been to just as many team roping jackpots as brandings, and could take you to the pay window. Ride him in town or through the bush you won't have an issue. He'll stand tied, is good with his feet, and is a gentleman to be around.

No stranger around cattle as he has been used for pasture checks and currently being used for the calving season and penning livestock at both Rimbeys and Ponoka Auction Markets. Also started on the flag. Loping the barrel pattern as well as poles. He's quiet and gentle on the trails that anyone can ride but has lots of go to offer when it comes time to run down a cow or make that barrel run. He meets you at the gate, easy to catch. Loves attention. Can be turned out for months at a time with no issues. Can ride bareback, doubles or even triples if you'd like. Ready to go in any direction.

Sundance is an all around great horse, you can do any ranch job and he is handy at it and you can take him out for a Sunday afternoon trail ride. We have used him for every ranch job and he is always there for you, he knows his job with a rope, he will sort out a cow, work a gate so it doesn't matter if you need him out the open range or in the feedlot he is a handy partner. He has seen many miles in rough terrain. He has driven cattle out of thick brush, he knows what a long days work is but he is happy just to go out for a leisurely trail ride too. You can let him set and pull him back out and he is the same horse every time. Sundance is always willing to do anything you ask of him. He is a horse we absolutely enjoy, and a favorite of everyone on the ranch. He has been ridden down the highway and is traffic safe. Sundance has a super sweet personality and has excellent ground manners.

I have been roping in him since mid December and he is a blast to rope on. Reads a cow very well and hunts the corner, been hauled to jackpots. Spirit is a 5year old 15.1hh dark bay Quarter Horse gelding. He is an all around ranch horse. Both of his parents are papered, unfortunately he never got papered. He is easy to catch and has a very friendly nature. Spirit has had lots of exposure to different things and events. He has run barrels, poles and flags at gymkhanas. Has pushed and worked cattle, as well as roping on cattle and dummies. He sidepasses to open and close gates, pulls harrows in the arena and does skijoring in the field. He is relaxed, confident and an athletic horse. He has been ridden in a very busy arena, in the mountains, on trails and through water crossings. Hauling and loading is easy as he has been hauled to lots of events. He stands well for farrier and bathing. He has been ridden by many different riders with ease. He can also be ridden at liberty, bareback with no bridle, all with a good stop and turns.

He was pretty easy to start, stands 15.1 HH and has good bone; is out of a line of working ranch horses. Doing some ranch roping and putting him on a cow this winter, and will be using him for calving in March and April. If you're looking for a big strong gelding for ranch work or roping you won't be disappointed with him. Vegas is a five year old grade Quarter horse gelding, he stands fifteen hands and weighs about 1100 lbs. This nice young gelding has been started in the team roping pen and has proven himself to have an aptitude for either end; a true switch ender in the making. Vegas is a quiet natured gelding, stands well in the box and comes out flat, always trying to give his rider a shot. He has been ridden out, ponied colts, rounded up cows and been used cutting cow / calf pairs; with a big ground covering walk, this guy is a pleasure to ride all day checking critters. With a large, smooth stride and a ton of natural rate, this horse has also been started on the barrel pattern and would take very little effort to finish. Guaranteed sound and sane. Up to date on farrier, worming and shots.

Lot **54** **DUKE**
 2012 BAY GELDING

Consigned by: Laura Culligan

6 yr old Friesen/QH gelding that you can buy with confidence. This horse has excellent bone structure and a solid foundation of training that will guarantee a lot of good years ahead. He's one that you can trust not to stumble and will turn the heads too. He inherited the Friesen personality but the QH work ethic. This horse would be a great edition to a working string or to just hit the trails on the weekend. You can leave him for a couple months and he'll be the same horse. Although Duke was used primarily on the Ranch, he's had some work in the arena to keep him soft and responsive. Young. Sound. Broke.

Having raised and trained this horse, I encourage you to call and ask questions to ensure Duke would be good match for you're home.

Cowboy rides with a true one hand neck rein and bends soft at the pole. Cowboy has been rode in very rough terrain and he is not clumsy. Gets along well with other horses and is good to shoe and load. He's been rode by the traffic, crosses bridges and takes it all in stride. Cowboy is a nice big horse that stays broke.

Quiet broke team with a good disposition. Used for hauling round bales, school sleigh rides, cutter rallies and various functions in town as well where traffic and noise do not bother them.. Both horses can be ridden as well and are easy to catch and handle. This team has never taken a lame step. Floki has been with me for two years and Prince I have had one year. I have used them all winter for hauling big round bales to feed cattle. Prince the left hand horse was born in 2009 (and is registered) and Floki the right hand horse was born 2008.

If you would like more information, video or pictures call Buddy 780-871-1016.

Digger has been started on barrels & introduced to pole bending and picking ballon sticks at mounted shooting clinics & practices. Owner attended a Deb Gulley barrel clinic summer 2017 & had one on one barrel work coaching with Rusty Rae Quam. Digger was used as my demo horse at TruTouch Equine Therapy - Sandy Wittynek Mentorship Program & was worked on regularly. He loves getting worked on. Digger is for an experienced rider with light hands, he is very athletic & extremely quick & responsive. Unfortunately Digger & I just didn't click as a team and for him to be my back up or my step up Mounted Shooting Horse. Digger is currently with a trainer getting ready for Top Gun Horse Sale. Smarty' is a registered well bred, good looking, broke 6 yr old gelding that is ready for a full time job. 15.2 hh and approx 1100 lbs. Great confirmation and feet/bone. I have owned Smarty for 3 years and have taken my time with him. He rides down the gravel road by himself and has been taken and rode at new arenas. Hot shoes, ties, trailers well. Rides in a short shank bit (have never used a tied down on him). He collects nicely, has a nice stop and a smooth lope. I have rode him over winter when weather permits and he hasn't skipped a beat. Smarty has a full brother that was run on the pro circuit last yr and is a pro \$ earner LBR (17.6 standard pattern). Smarty also has a full sister that is also a 1D proven barrel horse in AB. I bought Smarty with plans to barrel race him and he has seen the pattern but hasn't been entered yet. Could be ready to enter this year if someone wanted to. I have young horses at home requiring my time and Smarty is ready to be hauled and rode more than I can commit to. He will be with professional trainer Jesse Thomson for 30 days for general riding and sale prep prior to sale (will be rode thru the sale by Jesse as well).

I can be contacted at 403-963-1749 if anyone has questions. Krystal

Gunner is a 4 year old gelding hes 14.3 hh and is strong and stout. He was started as a two year old and rode lightly then was put on cows. We've used Gunner as a ranch horse gathering, sorting and doctoring cattle. He's also has had some box work and been on the Heel-O-Matic. Besides excelling as a ranch horse he would also be a great heel horse or a calf horse prospect as he has a huge stop. Gunner is very personable, easy to catch, has been hauled lots and is good with his feet.

"Blackjack" is a good using ranch gelding. He's been used in all phases of ranch work gathering, sorting, doctoring, and I used him to rope a few bulls this fall. He's been used extensively at the sale barn and knows his way around a cow. If he had a set of hands he could open and shut a gate by himself. I've ponied my colts on him all winter and will use him tagging calves till sale time. He's gathered pairs out of thick bush and we've been bogged down in muskeg without an issue. This gelding has a lot of bottom end and darn sure knows a full day of work, just to get up the next day and do it all over again. He will ride where you point him and can cover some country on the trail.

Autumn is a stunning, big bodied, well bred three year old. Raised the right way in our Ranch's breeding program she is out of our money earning son of Peptoboonsmal and out of a producing daughter of Doc's Hickory (OE of over \$60,000). This big beautiful mare is kind, quiet and full of talent. She has been used for everything at the ranch, moving and sorting cattle and buffalo, worked the flag, well started on her reining maneuvers, and started on the heel-o-matic. She has been rode inside and outside the arena, hauled around and exposed to lots of action. If you are looking for a great all around mare that you can use and be safe on than take a look at her. With her genetics and conformation she would make a great broodmare down the road. She has siblings that have shown in the cowhorse, cutting and roping pen. She is nominated to the Canadian Supreme. Big enough to rope and ranch on, handy enough to show, pretty enough to just look at!! The complete package.

2011 BLACK GELDING

Consigned by: Drew Spencer

Who wouldn't look at you when you ride Johnny Cash into town. Johnny is a 7 year old Percheron Quarter horse cross gelding. He is very unique in the fact that he is a big gentle horse that rides around like a catty small horse. I have used him to sort, weigh and pen 1000's of cattle at the auction market in town. Side passes to open gates and this big sucker will wack a cow not to mention he'd pull your house off the foundation if you asked. Johnny has a nice rocking chair lope on him he could put you to sleep. Last summer I used him leading the pack horses out in the mountains where he crossed rivers. The steep terrain was never an issue for him, he could climb all day. You'll wear a truck and trailer out trying to find one like the man in black, the only stitch of white he has on him is a small star on his forehead.

Has roped bulls, cows, yearlings and calves, you can tie off and doctor to get the job done! (we have used him as a head horse as well) Has a nice fast walk and goes anywhere you point him. Been to the mountains and will lead the way. Crosses all terrain and is sound. Just a solid ranch gelding you can use and enjoy the ride.

Ryder is a coming 7 year old Bay Roan GRADE Gelding and stands approx. 15+ hands. He has lots of energy and can go all day. He is usually quick to learn and retains his lessons very well. He was started in a community pasture and was used to move cattle and pony young horses. Unfortunately, he does not get enough work here to be used to his full potential, so he is ready for a new world with lots of work. I believe that Ryder has to potential to be a good ranch horse given the chance. He is easy to catch, load and trim.

He has been used on the ranch for various activities such as sorting cattle, roping, treating cattle, branding, calving etc. He has been rode in the mountains crossing lots of rivers and bridges. He has been rode by beginners and intermediate riders. Has a good stop, moves off of your leg, neck reins, spins, knows his leads and is keen on a cow. He has been rode in a snaffle, bosal and a port bit and is very responsive and soft in all of them. Puts his head down when haltering and bridling and stands for you to get on him. Can also be rode bareback. Good with his feet. Can turn him out for several months and get on him and he doesn't miss a beat. Will be good for any direction you want to take him.

I used him in the mountains last summer were we crossed the Red Deer River and rode to the top off the sheep cliffs at the Ya Ha Tinda Ranch. Rides with or without a tie down. I have ponied my kids horses off of him and also used him in the Calgary Stampeded Parade last summer. Last fall I gathered mares and colts on him he does not get hot. Ride him up and down the road by yourself or with 10 of your friends he stays the same. Crown can go any direction you want he is very good looking and well minded and very well broke. Try is a pretty, well bred, athletic mare with exceptional pedigree. She is out of money earning parents top and bottom. He dam earned in excess of \$40,000 in the Working cow horse pen. Try is an outstanding heel horse, currently being hauled to and won money at jackpots. She has been breakaway roped on as well and would make a great calf horse. This mare has a huge stop and big heart. She has been rode by a young girl and gives her an awesome shot at the heels everytime. She has been rode outside the arena in the mountains and has been used to move cattle as well as doctoring and pasture roping. She has worked buffalo and the flag. She is safe and easy to be around. Gets along well with other horses, has been hauled lots and been around the action. She is up to date on farrier and worming. Would make an awesome High School rodeo horse.

Like the firework, everyone's eye tends to go to her. Cherry Bomb is laid back, does her job, and carries the CBHI Super Stakes Incentive. Her long stride is seemingly effortless. Cherry Bomb has been used to bring up the cows/buffalo & turn back. We have hauled her to a couple different arenas and she didn't blink twice at anything. Bell is a 2014 AQHA bay filly who stands 14.3 HH with some go. She was really easy to start and nothing seems to phase her, really quick thinking, athletic and bold minded. The kind of horse who will have a lot of heart. Has the kind of outstanding conformation that will attract attention when you're riding her, and would also make a great addition to a broodmare band.

I put 30 days on her last spring, then turned her out for the fall, and will have a solid 60 days on her by sale time. Been swinging a loop on her and dragging things, will be ranch roping on her Feb/ Mar and putting her on a cow, also just starting to carry a flag on her. She's got both inside and outside miles. She is a good all-round horse with a really nice hip and good bone to make a ranch/ rope horse, or has the power and speed to be a barrel prospect. Her Sire, Bear Creek Shockum, has sired a couple good barrel horses over the years.

Will post a video around April 1 on the Top Gun Facebook page.

Badger is a five year old registered Quarter horse gelding; stands fifteen hands, weighs roughly 1200 lbs. This young horse is an exceptionally talented animal, easy to train and work with, and most especially easy on the eyes. Badger has been started on the heel end in the team roping pen and has shown a ton of promise, with a winter of slow cattle under his belt, we feel this guy has got what it takes to go far. Quick on his feet, cowy and calm, Badger stands well in the box, breaks flat and is trying for the hip every run; he has been ridden out, through mud, bog and bush, and he has no vices. He has also been started on the barrel pattern and has shown a natural aptitude to chase those cans! Up to date on worming and shots, and has been on a regular farrier program. Guaranteed sound and sane.

She has been rode inside and outside the arena, worked buffalo and cattle, started roping the heel-o-matic and general ranch jobs. She is a trainable horse who has lots of talent. She can stop, is quick footed and athletic. She has some get up and go which would make her a great penning, sorting or rope horse prospect. She is nice bodied, sound and up to date on all her worming and farrier. She has been hauled and loads well. Been exposed to other arenas and been around crowds and action. Iceman is a picture perfect gray gelding. He is so pretty, gentle and kind too. We have done everything on the ranch with him, in all season and all weather. Iceman has always been a reliable horse to do any job we need. He is a favorite of everyone who sees him or rides him. Iceman is a gentleman to handle on the ground and he stays broke no matter how long you give him time off. He saddles up quiet every time. He is easy to catch and loves to have attention. Iceman is a fabulous trail horse, solid and sure-footed everywhere you take him. We have used him all over the ranch and in the feedlot and has never given us any hassle. Iceman also rides well in the arena. He lopes around quiet and level headed. He has a good one handed neck rein. He has the potential to make a nice ranch/performance horse or would make a fantastic trail horse. Iceman is the kind of horse you will look long and hard to find another one like him.

"I sure like that horse, but the only problem it's a mare." If you are one of those people you are in luck. Chris was born a filly but now identifies as a gelding. He's been used in the arena and out in pasture. Has a huge stop and is smooth as a Cadillac. He has been started on the heels and is a natural, really hunts the corner and gets in the ground. He stands 14.3 and will excel in any discipline. He has a great pedigree, quiet and easy to get along with. Being a transgender has gave him qualities you rarely find, the grit of a mare and the trainability of a gelding.

MISERY

2009 BAY GELDING

**Consigned by:
Kimberly & Jeremy Simpson**

A 2009 model a Clyde/Quarter Horse cross gelding. He's got an abundance of muscle definition, bone structure and a set of good feet underneath him as well as eye appeal. This gelding comes with an abundance of experience, we have used him for years on a large grazing lease I manage in Saskatchewan. We have exposed this gelding to an array of ranch duties he's got the confidence to doctor a cow or bull. He's treated lots of calves and is honest enough to tie off on him. He's no stranger to the branding trap, doesn't get in a hurry and possesses the patience to handle a green roper. We've use him to calve out cows he pulls the calf and chore sleigh with ease. He's a fast walking, smooth traveling, the heart to go all day kind of a horse but will stand quietly while holding herd or sorting pairs. He's been rode regularly by my wife and girls age 14 and 16. He handles pressure well, easy to catch and loads with ease. You can leave this gentle giant alone and expect him to be the same horse when you saddle up again. I feel this gelding would be worth jumping in your horse trailer. He comes with current coggins, vet health checkup and will be shod and ready to go to work.

If you have any questions don't hesitate to call Jeremy and Kimberly Simpson 1-306-375-7939

Consigned by: Jolee & Cade Dodds

Who doesn't like cookies. Cookie is a 13 year old bay mare and as you can see from the photo she is a nice safe ride. She has been rode extensively both English and western. She has also been used as a lesson horse for years and has done her fair amount of jumping. She lopes nice circles in or out of an arena, she knows her leads and will also get out and walk nice on the trails. Give her time off catch up and saddle step on and ride away. Cookie side passes to open gates when you want to go check the cattle. She gets along well with other horses and is easy to catch. Cookie is a nice little mare that will suit most youth and ladies. She has a small blue shadow on her right eye it has been there for 6 years, it does not get better and it does not get worse she sees 100% out of it.

Nikki was initially started as a reiner and was on track to show. As a late 3yr she was sent with World Champion Heeler, Jeremy Buhler for 6 months heeling training. She's been hauled to jackpots and rodeos; makes the same consistent run each time. Stands solid in the box, leaves hard and level, has a big stop. She is not scared to take a jerk when she stops and stays in the ground. We have also headed steers on her. Summer of 2017 we started to breakaway and tie down calves on her. She has a big stop and works rope. We have used Nikki for all aspects of ranch work. She is safe and dependable! You can leave her for months, catch her, tighten up right away and she will walk off and go to work like she's never had any time off. She is safe for beginners and kids. She is not marish and we have her penned with both mares and geldings. She has been started on the barrels and goat tying. She would probably finish out as a 2/3D barrel horse. This mare is safe, dependable and broke. If you need a step up high school rodeo horse that can work multiple events or a solid ranch horse, don't pass up a chance to own her.

Nicki has seen lots of barrels and poles. She has spent the winter penning cattle at both the Rimbey and Ponoka weekly auctions. Nicki is an easy keeper, quiet and gentle mare. Nikki is a nice gentle mare that rides quiet, and has a lot of handle when asked. I've used her at the sale barn and will keep using her to calve on up till sale time. She's been rode a thousand miles down the ditch, through traffic, and will go any direction you point her. Ride her off alone or in a group she rides the same. Catch her up once a year or use her consistently, either way she's going to stay gentle. She will drag her butt like a wormy dog and turn around like a hot check. I know she's a grade mare but if your looking for something gentle that's not going to get you in a pickle, she'd be worth a look.
