# JIMMY DODDS

*On February 18, 2021, with broken hearts, we said good bye to the heart and soul of Top Gun Horse Sales. Jimmy Dodds was a character, one of a kind and a cowboy in every sense of the word.*

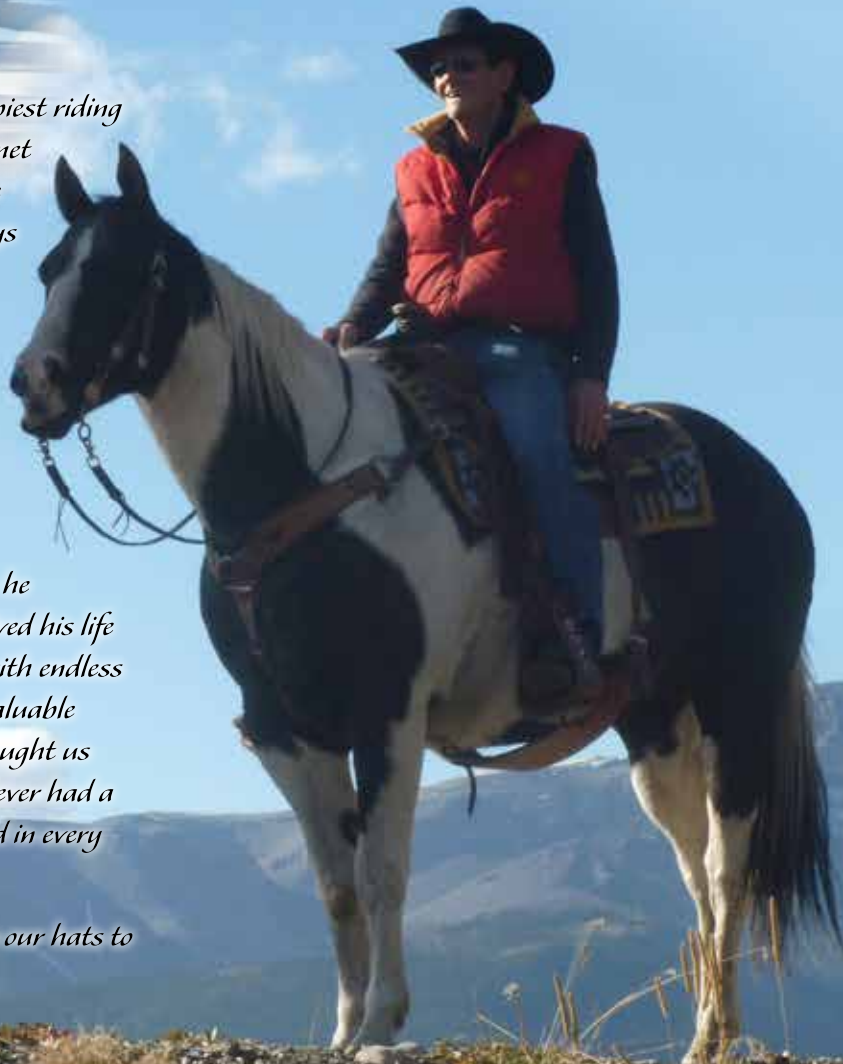

*Jimmy's love for horses began at an early age on the family ranch. He grew up going to horse sales and helping his dad in the horse trading business. As a young adult Jim enjoyed a career as professional bull rider, followed by 30 years in the offshore oil business. He raised his family in Richmond, BC eventually returning to Alberta.*

*For the last twenty plus years of his life Jimmy could be found riding horses up and down the C&E Trail and attending horse sales all over Alberta, up to Dawson Creek, BC and down to Billings, MT.*

*Always with a smile on his face, Jim was happiest riding horses and visiting with the many people he met along his travels. Jimmy looked forward to the Top Gun Horse Sale every year and was always our biggest supporter and more than willing to lend a hand where ever and whenever needed. He did so much behind the scenes and worked so hard to help us ensure each sale was a success.*

*To simply say we miss Jimmy is an understatement and the words on this page don't seem to do justice to the wonderful man he was and how much he meant to us. Jimmy lived his life full tilt and with no regrets. He provided us with endless entertainment, countless laughs and many valuable lessons, but perhaps the greatest thing Jim taught us was to look for the good in each day. Jimmy never had a bad day, instead choosing to focus on the good in every situation and in every person he met.*

*And so we dedicate this sale to Jimmy and tip our hats to an amazing man we will always cherish.*

## CHAMP

Consigned by: JERRY DODDS					
Breed	Quarter Horse	Sex	Gelding	Year Born	2007
Registration	Grade	Height	14.3	Colour	Sorrel

Champ is a well broke 15 year old gelding that has been rode by kids and ladies alike. When someone new comes to the ranch for a ride you guessed it they ride Champ. Champ is a nice gelding to use for sorting and moving pairs or going to the mountains trail riding were he steps over logs crosses creeks with ease and goes through bogs. He has a nice and soft one hand neck rein and a smooth rocking chair lope. He gets along well with other horses and he don't pick on anybody. Champ has great barn manner, easy to catch and saddle and is excellent to shoe. If your looking for a kind horse to get the kids going or ride in the mountains and enjoy yourself Champ is the match for you.

## GRIZZ

Consigned by: FEATHER FOOTED RANCH HORSES					
Breed	Draft Cross	Sex	Gelding	Year Born	2013
Registration	Grade	Height	14	Colour	Bay

Grizz is a super handy, unique crossbred gelding we have been thrilled to have around the last couple of years. Dynamite comes in small packages and Grizz exemplifies that. Grizz stands around 14 hh but thank the lord nobody told him that. I've tied off to a bunch of big stuff and he's just as handy on the end of a rope as some of our bigger crossbreds. Stout made like the full time camp cook, Grizz is packed full of bone, substance and has rock hard black feet. We take pride in the fact we get to wake up everyday saddle horses and go to work. Grizz quickly became one of my "go to" geldings. I've used him for all ranch chores pushing the shipping alley, treating yearlings on grass, and he's drug 1000's of calves to the branding fire. From the feedlot to the sale barn and ranch Grizz has been exposed to more than most. Grizz is very sure footed, I've rode him numerous times in the mountains and he crosses water, deadfall, and bogs flawlessly. He's never taken a lame step and is built to last. Grizz has tons of feather and mane that gets a comment everywhere we go. A smaller crossbred gelding with a ton of heart, and packed with feel that has an extensive ranch resume.

also go out into the pasture and shoot gofers off of him without him even blinking an eye, He has had many kids ride him and ride him bare back and is great. Copper is a great horse for anyone learning how to ride or has rode a bunch you can do what ever you want on him and he will just do it.

Breed	Pony	Sex	Gelding	Year Born	2015
Registration	Grade	Height	12	Colour	Chestnut

Des is a seven-year-old chestnut pony with a flaxy main and tail, we have owned him for four years and had a lot of fun with him. Des has been road in the arena and out, with many trips through the cow herd. Last summer we took him to the 'Ya Ha Tinda Ranch' west of Sundre, handled it well with the big horses crossing rivers and trail riding. Good in the arena, lopes circles and clears the arena when we are roping, hauls well, and has been tied lots. I have outgrown him so time for the next family to take him and enjoy, lots of heart, and likes being used.

## Why did you start CLHbid.com?

As a lawyer and farmer in rural Alberta, I often witnessed the difficulties and the stress farmers encountered when the time came to sell their land. Farmers know better than anyone the importance of using the right tool for a specific job, yet when the time came to sell, there was no tool tailored just for agricultural land.

CLHbid.com is a function of trying to address the shortcomings with traditional formats, whether selling at the kitchen table, sale by auction, tender in the newspaper, or listing with conventional real estate.

## CLHbid.com's record?

We are heading into our 6th year of selling farmland in Western Canada. Starting out in Alberta, a disproportionate number of our initial sales were there. With that said, we have a proven record of going into new areas and raising the benchmark for farmland prices. Much like an innovative piece of farm equipment — if a new grain bagger works at Rosetown, SK, it will also perform at Rapid City, MB or Killam, AB or Abbotsford, BC.

## How will our renter react if we sell through CLHbid.com?

Most often, the renter would like the opportunity for a fair chance to buy as opposed to having the land sold "out from under him". Using the CLHbid.com format, owners can maximize the value of their land by putting it up for all to bid and, at the same time, give their tenants an equal chance to bid. The strain placed on the owner-tenant relationship by trying to agree on a price in advance is eliminated. The tenant wouldn't have to worry about having a formal "Right of First Refusal" in place as they have the right to bid along with all others.

# Selling Farm Land, *It's All We Do*

Roy Carter, CEO  
**CLHbid.com**

## What is the biggest factor influencing the sale price for land?

Demand. Being Western Canadian-based, we can engage not only local but also outside buyers through our extensive marketing — everything from videos to mailer cards to social media and 53' vans. We have had multiple sales where buyers outside the local area have bought without viewing the land in person. Allowing bidders to bid in privacy, knowing their names will never be disclosed by our law firm, enables friends, neighbours, and even relatives to bid without risking relationships, equating to increased bidders.

## We are on stand-by.

Like custom combiners called in for that bumper harvest, the team at CLHbid.com can be called in to assist you in achieving full value when the time comes to sell. With no rehearsals at sale time, we know the importance of having an experienced team using a platform designed specifically for the job. Before you make any decision, be sure you know all your options including the unique CLHbid.com platform. Whether it be a call, email, video conference or meeting in person we are always ready to discuss how we can make a lifelong difference in what may well be the biggest decision of your life.

## I know that CLHbid.com is a law firm, not realtors. Does that make it the same as tender to a law firm in the newspaper?

It has been said that single tender to a law firm is akin to playing darts blindfolded with just one dart. At CLHbid.com, we remove the blindfold and provide unlimited darts to bidders. Transparency puts all interested bidders at ease and allows them to bid with confidence. At CLHbid.com, we strive to control all variables to ensure maximum value on sale day.

## Do I sell my land as one entire package or in pieces?

Marketing your land base as one package often means the majority of potential buyers are ruled out. On the flip side, if you try and piecemeal your land - you may forgo the increase in price some buyers will pay for the assemblage factor of parcels packaged together. The CLHbid.com format is unique in that using our 'en bloc' aspect; it engages buyers wanting to buy the entire farm and those buyers who wish to purchase just specific parcels.

BLUE BOY DOC  
DOCS BAY MAID

Martin Black helped us get Marsala started with the right foot forward the first time, she has been a pleasant horse to be around since day one, a very well bred cow horse who knows it. She's sired by "Quacker" who puts a good mind in everyone of them. This year will be his 9th foal crop, he has offspring in every arena and they continue to excel and impress. Marsala has been ridden by a variety of riders in the feedlot and on the range. She's done every ranch job and does them well, not much rattles her. Marsala is making a nice heel horse. She rides easy and should fit any intermediate and experienced rider.

13 yr old palomino papered gelding 15.2. Japetto is an amazing family horse who can do it all. We bought him as a 3 year old was started with us and has stayed with our family since the beginning. From day one he has always been an old soul, easy and honest. He is a well built gelding who is the strong and sturdy type, good footed and will take care of you. Mr dependable,

[Video Link ▶](#)

you can kick him out for months and jump on- right where you left off. He has gained a long resume of duties over the last 10 years. Being used as one of Tyler's main pickup horse going to numerous rodeos all over North America - from Calgary Stampede to St Tite to Ellensburg. Some of the biggest and largest crowds. Also used as judges flag horse, queens horse, grand entry horse, "firework horse" and parade horse. He is team roping jackpot ready. Very solid in the box and is a quite horse to rope on, one an older man could take and enjoy. Japetto has done everything you can think of on the ranch, from branding, sorting, doctoring, halter breaking. He can make miles and is great to go on his own. He has raised all three of our children and has set them up to be very keen and confident cowboys kids. We have always entrusted him to take care of our kids; whether it's to bring up the back end of a herd, or go over the hill to check on their own. He is kind and listens to them well. In 2019 Lathom used him to push mares and foals through the large arena at the Calgary Stampede rodeo. He has handle everything we have thrown at him, nothing really phases him. He has taken great care of us and we truly hope to find him another home where he can go be a gentleman's horse. Our kids have moved on to other horses with many up and comers for ourselves, he is now left sitting at home. He has a lot of life left and is not a dead head. He would make any family/ ranching/ trail riding/ rodeo home an asset.

He could be your everyday horse, or would also be a perfect mount for your wife or kids. He is safe enough for my 2-year-old daughter, but is also my main mount for any type of ranch work.

Ripper has been used to rope and treat cattle out in the pasture. He has been tied off on everything from fresh calves to mature bulls. We have sorted pairs and pulled bulls off him. He has been trained and primarily rode/ ranched off of in a hackamore, but can also be rode with a bit. He has been on the heel-o-matic, and have started to breakaway and team rope. He would be a great addition to any ranch.

Clyde is a big crossbred gelding that has the looks and gentle disposition to be anybody's #1. Clyde's the soft eyed type that's constantly got gentle on his mind. If they were all as easy to start as Clyde, we'd have a world full of colt starters he is one of those that was just born broke. Clyde has some size but he gets around himself and uses his big body really nice. I've used Clyde extensively in the sale barn and at the feedlot. He is good on a gate and has a mind that is connected to his feet. He's an in your pocket type gelding that you can catch wherever he stands, step on and go with no anxiety. Clyde's the same horse with time off, you could flank him and he wouldn't buck. I've pushed the shipping alley, gathered pairs and treated grass cattle on him. He's the type that nothing really seems to rattle him. Clyde's soft gentle eye and flashy movement should make him a crowd favourite come sale day.

Slim is a 7 yr old gelding, he is free moving and athletic yet safe with no buck or funny business. Used on the ranch and community pasture for doctoring and sorting. Really covers ground, you won't find many horses that will out walk him. Lots of time spent on softness and body control, he has a lot of feel to him and doesn't get dull and need constant softening like a lot of horses. Well suited for a rider looking for a step up horse from old faithful, as slim is responsive and eager yet safe and sensible. Slim is sound with no bad habits, has never pulled back even in tight situations. I started slim late in his 3 yr old year allowing him to develop and help stay sound for the long haul. 2007 gelding, 16.1 hands, built to last, and has a look that catches eyes wherever he goes. This horse is big, strong, and powerful, but soft, light, and sensitive to ride, and as smooth as they come. This is a handy head horse who thoroughly enjoys his job. He can be a little excited in the box the first couple runs, but then levels out and goes to work. Scores well, runs hard, and gives his best effort every time. He's a lot of fun to head on. As a barrel horse he is generally in the 2D, but he much prefers chasing cattle over cans, and makes it known. He's been to many a jackpot, spent a season rodeoing, and knows his job, but it's not his cup of tea, and to be completely honest, there are lots of more enjoyable barrel horses in the world. He has one cosmetic blemish - he was 8 months old and he got chased into the fence by some broodmares and is missing a piece of his lip. It does not affect him at all. He's been rode in the feedlot extensively, roped on, ridden in the mountains, and has seen all the sights. He's good for the farrier, baths, stands tied, good ground manners etc. He neck reins, moves off your legs, collects, and is real nice to ride around, and his personality is nothing short of entertaining. Same horse whether he's rode daily, or has 6 months off. His only vice would be that he can be a little herd bound. This is a great horse for an intermediate rider who just wants a solid mount to get on and go do anything and everything, and wants to look good doing it.

## JERRY

Consigned by: <b>JOHN &amp; MICHELLE MURPHY</b>					
Breed	Crossbred	Sex	Gelding	Year Born	2016
Registration	Grade	Height	15.2	Colour	Grey

Jerry is a 6-year-old all-around crossbred gelding. Versatile is Jerry's one word description. Trail riding, ranch roping, auction market penning, pasture doctoring, pulling a sleigh, arena riding... etc. He has been willing minded and easy-going since the day we bought him 3 years ago. He's the perfect crossbred, offering the gentle personality from the draft side and the slimmer frame from the quarter horse influence. We first started Jerry under harness, driving both single and double (on either side). Jerry stands 15.2 hh with good bone and a good solid foot underneath him. Jerry can be rode every day, or can be turned out and rode inconsistently, and he still aims to please. Vaccinations, dental, and deworming are up to date.

Jolee and Cade have taken Rockstar places you should and probably shouldn't take a pony but he just follows in stride. Rockstar has been fun for the kids to have around he is a gentle pony with no kick or bite. He is very good with his feet and has never had any founder issues. Jolee and Cade ride around the yard when mom and dad are around if your kids are smaller I would recommend him as a lead line pony tell the kids get a little confidence. Rockstar catches good with a little grain and loads well. Jolee and Cade hope that the next family that buys him will have as much fun with Rockstar as they have.

He's been used in a feedlot and on a 4000 head cow/calf ranch. He's the same horse if he's rode everyday or if he's had 3 months off. Just get on him and go to work. He's willing to trot out and get a job done or go at a relaxed pace. We have rode him with our kids and our kids have handled him and he is as gentle as they come. He's been roped off of and follows the heel-o-matic. Chevy is easy to catch and good with his feet. He's one of the good ones.

Blue is a 5yr old beautiful blue roan mare, if your looking for your next ranch horse look no further! Blue has been ridden through creeks, roped off, chasing cattle. She is a hard working mare with a good work ethic to handle a full day on the ranch, she is a more Woah then go type. Blue has been ridden through fields as well as in a arena setting and living in a stall. This mare has also lived by herself or with a herd, she is a pretty mare with a bit of the typical mare sassiness. This exciting prospect has been ridden by riders of many different experience levels, she gets along well with anyone when in work. Blue would excel living in a feedlot or 4-H program. Consider Blue as your next ranch, 4-H or feedlot prospect!

He has a long stride and can cover a lot of ground. Captain would be ideal for someone riding big pastures or needing a horse to go all day. He has been started in the team roping on the heading side but is green and not seasoned. He is showing quite a bit of potential and would not require much work to season. He is very well mannered and has a gentle demeanor. Captain is currently UTD on all vaccinations and worming.

Babe is one of my foundation mares I've raised. She is a sweetheart who's blessed with awesome bone, foot and superior disposition with plenty of heart mixed in. She passes all her qualities and foundation breeding on. This mare is honest and trustworthy, leave her all winter and jump on in the spring still the same. She is great out on her own, as I like to use her to sneak up on elk at the river. She stays quiet and watches, together we have pushed a lot of bush. She walks out nicely, keeps our 16hh stove-horse moving in the string. I have ponied many colts off this mare and of course pack strings. She will cross anything and climbs and descends safely. She knows her manners with all facets of care. She quietly accepts blankets, highlines, hobbles, worming, farrier, trailering, clippers etc etc. Very nice ladies mount or knowledgeable beginner as she does move out. She foals and catches easily, she delivered a nice bay roan filly last year and I am now starting a beautiful buckskin paint she had 3 yrs ago. Don't let her age scare you, she will not disappoint and is completely sound to ride and breed again for a few more years yet. Her past foals have gone on to be fantastic rope and ranch horses all solid and built to hold up for years. Just like her. Not fancy broke for sliding stops, spinning, cutting or any of that. Just a trusted broke mare to enjoy a ride out to the mountains with friends, attend a poker rally or on your own down the ditch. Hard to let her go but she deserves to be someone else's "baby girl". She would be a great addition to anyones family. Good in a herd and with stallions.

Buckskin mare, this girl has a great mind and disposition to perform any job, she is really cowy, very responsive to your legs and well put together. I have owned her since she was 3, Moonshine has been working and performing all kind of feedlot duties (checkin, pulling, roping, dragging, moving, cutting and sorting cattle) you name it, she had got it done. Moonshine also has done some roping and doctoring cattle out in the pasture, few cattle drives as well. If you are looking for a loyal, safe and hard working partner, this is the one.

IN CASE YOU DIDN'T KNOW "Tater" is a coming 5 year old AQHA gelding. After being professionally started and ridden, I purchased Tater as a 4 year old, and have used him this last summer on a large cow-calf operation. He has experience in all aspects of ranch work including: branding calves, tagging calves, doctoring yearlings and sorting. While on the ranch he has shown

[Video Link ▶](#)

that he is cowy and willing to work all day. In July he was started team roping on the head side and is very focused and is quick to the steer. He is showing excellent potential as he has a ton of run and speed, while still remaining cool and collected in the box. He would be an excellent prospect for the team roping pen, but has the athletic ability to go in any direction. Tater is very responsive and willing under saddle with a very smooth and powerful lope. On the ground he is very well mannered and easy to handle and is ready to go to work even with time off. Although he is kind, with his experience level and eagerness to respond, he is best suited for an intermediate rider, or above, that could take him to his full potential. Currently, he is being ridden regularly in the indoor and arena and being used at team roping practice once a week. He has been hauled to his first jackpot and handled it like a seasoned pro and placing second. He has two years of futurity eligibility left making him an excellent candidate for the upcoming futurities this summer. He is up to date on all vaccinations, deworming and farrier work. He is available for trial in our arena just north of Sylvan Lake AB.

Whitey is the heartbeat of our ranch. He is a gorgeous white gelding you can do anything on. He loves kids and is the kindest, quietest gelding who has been there, done that. Pasture roping, brandings, sorting, moving and loading cattle, he has done it all. You don't find them better than this gelding. He's willing to get out there and get the job done or take the kids on a relaxed trail ride. He was my wife's main horse while she was pregnant with all 3 of our kids, she branded with him until a week before having our 2nd kid. He's the kind of horse you look for your whole life.

Ladies here she is if you are looking for a trusted trail partner to get away on your mountain holidays. This mare is one of the smoothest horses I have had the pleasure to raise and ride. She covers ground and will climb, forge and swim rivers. Tackles those wet spots quietly and with confidence. Has excellent manners good with all facets of care farrier, blanketing, trailering, catching etc etc. She easily caught and foaled a beautiful healthy liver chestnut colt last year. Who will be my new saddle horse in a few years. She isn't aggressive with the stallion or in a herd. When riding you wouldn't know she is cycling as she is on the job and that's it. Put her away in the fall and leg her up in spring she is the same. Use respect with her and she respects in return. Confident intermediate would have no problem with this darling, or those ready to move up from the beginner mount. Honest and trustworthy. Disclosure of a scar on her left flank that doesn't affect her in the least. She received it from a hot wire slice escaping a scary bull moose at the age of 3.

Elena is a Black filly I raised and coming 4 in May . She has had lots of time to grow and get strong with intermittant training since her 2 year old yr . she has been wormed consistently 3 times a yr and her teeth were done last spring at Red Deer Vet also had 6 way shot last spring . Her training has consisted of lots of out side miles and hauling to different places . She is fairly advanced doing flying lead changes and bridling up well . She has been very easy to train as all the manovers is in her Blood lines that speak well being a Granddaughter of High Brow Cat , Doc o Lena on top and Granddaughter of The Great Canadian cutter Pepinics Master. She is Gritty and can reach and Run and so would fit in many Disciplines. She stands 14.3 and will finish at 15.1 or 2 . Very respectful with good manners on ground and in saddle. As a yearling she kicked through a High Tensel fence and tore hide off the inside of right hind leg , I didnt have it cut off thinking it would reattach but it didnt and dried up so there is a small lump there where skin dried up . She is guaranteed sound on that leg. This Filly has a Lot of Potential in many Disciplines , Take a close Look and then you Decide . Papered name Shes Pepinics Catolena.

Pickles is a lightly started 3 yr mare. She stands about 15.1 hh. She comes with her registration filled out just needs to be sent in. She is very easy to catch, load and handle and is good for the farrier. She has mostly been ridden inside but will have some rides outside by sale time. This mare is very quiet and has more whoa than go. She needs to continue her training to become a really nice all round horse.

Red is 15.1 hh 1200 lbs with good bone and muscle. He has a good disposition and is very athletic and quick. With our breeding program we have a good inventory of horses around so Red got started as a 4 year old then was put on the back burner. He had lots of ranch riding this winter and we used him to pull the kids in the calf sled and haul firewood out of the coulees. We started him on the heelomatic and tracking live cattle in March. His full siblings have made good rope horses for Daniel Kaiser and have gone on to be good high school and youth event horses. Red will make a good family all round horse whether you use him for Rodeo events or just a nice Ranch or pleasure horse.

## JEZEBEL

Consigned by: **CHAD HUSEBY**

Breed	Appendix	Sex	Mare	Year Born	2004
Registration	Grade	Height	15	Colour	Roan

Meet Jezebel, she was my oldest daughter's first horse. She's been with us since we purchased her in 2012. The previous owner used her at extreme stables and was her first horse as well. Our family has used her mostly for pleasure riding. She's been a 4 H horse, used in eventing, we've used her at home for many other things such as pulling sleighs and dragging logs out the bush.

[Video Link ▶](#)

Jezebel is very gentle and when at home she makes a great kids horse (as you can see in the videos). She's very patient with the kids and so easy to catch out in pasture. That said she does still really love to get up and work when asked. We hope the next family enjoys her as much as we have.

Spud is a gentle 6 year old gelding who is really nice to be around. Spud is stout made with lots of bone and built to last. We've used Spud for every ranch chore from pulling health at the feedlot, pairing out heifers and dragging calves to the fire. Spud is a point and go gelding that doesn't require a day job, he stays gentle. I've also used Spud at the sale barn weekly sorting and

penning calves, he handles all of the commotion flawlessly. Spud has been several miles in the hills he will cross anything you point him at with ease. Another gelding that doesn't let much bother him. Spud is one of Dallie's barn favourites, he's one of the first horses I tied the reins in a knot and let her kick around herself. Nice to look at and gentle to be around, we are pleased to offer Spud. Catch him wherever you find him and step on with confidence. Spud stands to be tied, is good with his feet and is a gentleman to be around. The kind dad can use for a day job, and the kids can ride when he gets home.

Her teeth were done by a dentist fall 2021, she stands good for the farrier, eats and drinks on the road and is not heard bound. She does need a confident rider, as she has lots of speed and is always ready to work. Gem may be missing most of her ears but she has good solid feet, clean legs and good bone. She is a free runner on the barrels with a straight style, likes a soft hand and moves off your legs. She sells sale day.

Poncho is a very good looking and hard working rising 7 year old gelding. He has a nice handle on him and for the last month has been in the feedlot treating sick calves. He has a smooth lope and a ground covering walk. He has been used out in the mountains trail riding where he crosses water, bogs and steps over logs with ease. Poncho is also broke to drive single. We have used him for gathering horses and cattle alike. Poncho is great to catch load and shoe. If your looking for a horse to use on the ranch Poncho might be the man for you.
